Left Column Navigation

Enter Your **Title Line**: with your name and class home page such as Mr. Smith's Math Class Home Page.

Line 2: – enter Burleson ISD

Line 3: can be left blank for now.

Email Name: is what you want the viewer to click on in order to email you.

Email Address: should be your user ID with @burlesonisd.net

Type a few words in the body of the webpage and look at what you have.

You can also go directly to any user's web pages if you know the user name or mail alias and the domain name of the server for this user. Type the web page address in the address field of Internet Explorer, using the following format:

`http://fc.burlesonisd.net/~first name_last name` or

`http://fc.burlesonisd.net/~username`

For example, to see Michael Hill's (user name Michael Hill) web pages at fc.burlesonisd.net, you would type `http://fc.burlesonisd.net/~Michael_Hill`

To see Michael's web pages using his email alias (his email address is `mhill@burlesonisd.net`), you would type `http://fc.burlesonisd.net/~mhill`
